Welcome!

CALL FOR PAPERS

65th EUHA-Congress 2021

Dear Sir or Madam,

After the 2020 Congress had to be postponed, we are now actively planning the 65th International Congress of Hearing Aid Acousticians for 2021 as a physical event to be held in Hanover, at our tried and tested conference venue. We look forward to a personal exchange with stakeholders in our industry. The world's largest event within our line of business is based on the established concept of a programme of academic lectures combined with the important trade exhibition of the hearing instruments industry.

In order to be able to continue the success of our former Congresses, we would like to invite you to take an active part in preparing and arranging this event. Contributions must be submitted online via our website at

<http://bit.ly/EUHA-lecture-suggestion>

by no later than **28 March 2021**.

We are excited and curious to find out about your suggestions. Best wishes,
European Union of Hearing Aid Acousticians

Beate Gromke
President

Dirk Köttgen
Member of the Executive Committee

We look forward to receiving your suggestions for presentations from these fields:

- Technology geared to compensate for hearing deficiencies
- Measurement methods in hearing aid acoustics
- Medical aspects of hearing
- Forward-looking topics
- Miscellaneous

Your paper should fit into one of the following categories:

- Research contribution
- Practical report
- Review
- Industry update
- Other
