

## IMPORTANT NOTES:

Access only for individuals

- with digital proof of vaccination (Digital Covid Certificate) in English or German (vaccinated = 14 days after completing a full vaccination regimen with a vaccine approved and authorised in the EU or USA)
- with digital proof of recovery in English or German (recovered = min. 28 days, and max. six months after testing positive based on a PCR test)
- with digital proof of having tested negative for Covid-19 in English or German (tested = max. 24 hours after testing negative based on a coronavirus rapid antigen test, or max. 24 hours after testing negative based on a PCR test; each with digital proof of the test result certified by an authorised testing centre; self-tests and self-confirmation are not accepted!)
- who are not under quarantine or isolation requirements
- without typical Covid-19 symptoms

From **12 Aug 2021**, you can upload your 3G proof via the ticket shop (proof of complete vaccination, recovery, or negative test). Important: PCR or antigen tests must not be older than 24 hours when you enter the exhibition centre.

If you do not have complete vaccination or convalescent proof, you are required to provide proof of a **negative antigen or PCR test** prior to accessing the exhibition or any events held in the convention centre (conference lectures, tutorials, general meetings, award ceremonies, etc.). The test must not be older than 24 hours in each case, so it must be repeated daily if you are visiting the exhibition or congress on several days. Please take this into account for your planning.

For visitors and exhibitors who have not been able to be tested within 24 hours prior to accessing the exhibition or convention centre, there will be a **test facility on site offering tests free of charge**. Due to **limited capacities**, waiting times cannot be calculated in advance.

Hygiene rules valid on the dates of the event must be observed on site:

For maximum safety, the following rules of conduct must be observed in the exhibition hall and the Convention Center (status: 27 July 2021, subject to change):

- Wearing of a medical mask (OP-mask or FFP2 mask (KN95 or N95 classification)) is mandatory.
- Visitors and staff must refrain from touching each other (e.g. shaking hands).
- A distance of at least 1.5 m must be kept between people, wherever possible.
- Disinfect hands at provided disinfection dispensers.
- Applying the other hygiene rules (see guidelines provided on site).

**We look forward to welcoming you!**

**#EUHA2021 – With safety and responsibility for visitors and customers**
