This year, **all tickets can only be purchased online**, both in advance and on the three days of the Congress. There will be **no ticket offices** in Hanover.

Securing early bird offers gives you something to look forward to

Anyone who purchases their tickets by 31 August 2022, will benefit from an early bird discount.

Ticket for pupils, apprentices, and students for Friday

Future Friday will be held on Friday, 14 October. So that apprentices and students in particular can get to know the Congress and take a look at the future of the industry, a **discounted special ticket for pupils, apprentices, and students** exclusively valid on this day will be available at prices starting **from 35 euros**. In the morning, pupils, apprentices, and students can listen to the programme of specialist lectures, and visit the International Industry Exhibition. The four Future Friday keynotes start at 2 p.m. These are three good reasons why young people – the future of our industry – should benefit from the numerous offers at the Congress. The EUHA plans to conduct a survey among its members. Among other things, this is aimed at finding out how many hearing aid acousticians are interested in sending their apprentices to Hanover on the third day of the event. Only if we know the needs of our target groups, can the EUHA and the BVHI adapt and further develop the Friday programme to meet these requirements.

The ticket with QR code can be printed out or loaded directly onto a smartphone or tablet. After scanning the ticket at the congress admission terminals, participants immediately receive their personalised event badges. Payment in the ticket shop is accepted by credit card and PayPal.

Remember: the EUHA's online ticket shop is available 24/7 at www.euha.org/en/, also during the event from 12 to 14 October 2022!
