

# CALL FOR PAPERS

## 70<sup>th</sup> EUHA CONGRESS 2026

Dear Sir or Madam,

For decades, the International Congress Hearing Care Professionals has been the central meeting place for the hearing care industry. Following the success of previous events, we look forward to welcoming you back to our proven venue in the future.

The 70<sup>th</sup> International Congress of Hearing Care Acousticians will take place in Hanover from 14 to 16 October 2026. As the world's largest congress for hearing acoustics, it combines a high-quality scientific lecture programme with a major industry exhibition for the hearing system industry, while also offering space for personal exchange and international networking.

In order to build on the successes of previous years and to shape the programme of the anniversary congress together with you, we cordially invite you to submit your lecture proposals. We look forward to your contributions and ideas.

Submissions can only be made online via our website by 31 March 2026:

[www.euha.org/lecture/euha-congress](http://www.euha.org/lecture/euha-congress)

Kind regards

Beate Gromke  
President

Dirk Köttgen  
Member of the Executive Committee

**We welcome your contributions on the following topics:**

- **CI care** (diagnostics, indications, care)
- **Hearing system technology** (how hearing systems work, new algorithms and signal processing strategies)
- **News from the field** (therapy, hearing system fitting)
