### **#EUHA2026: Secure your stand space now**

(Frankfurt/Münster, 3 February 2026) **Registration for the international industry exhibition at the 70th International Congress of Hearing Aid Acousticians 2026, which will take place in Hanover from 14 to 16 October 2026, opens on 9 February 2026. Exhibitors can register online and secure their stand space from this date.**

The registration deadline is 19 June and the first planning will start in April. Anyone who wants to be there from the start should register as an exhibitor in February or March. Exhibitors have two presentation options: firstly, they can book a stand space with individual stand design and their own stand builder. Secondly, they can order a ready-made stand concept in addition to the stand space.

The high international significance of the event was already evident last year: at the International Industry Exhibition 2025, over 150 exhibitors from 19 countries presented their products and services.

The target audience for the trade fair includes both hearing care professionals and opticians who want to expand their business model to include hearing care and who will find all the necessary information in Hanover on hearing system technology, suppliers and various service providers, including software providers, insurance companies, shopfitters, hearing training providers, etc. Stand space can only be booked via the website [www.ausstellung-euha.org/en/](http://www.ausstellung-euha.org/en/).
