Europäische Union der  
Hörakustiker e.V.

## ICHM8 goes EUHA Congress

(Münster, 1 April 2026) **The date for the 70th International Congress of Hearing Aid Acousticians has been set! The world's largest hearing care professionals congress is celebrating its anniversary this year and will take place in Hanover from 14 to 16 October 2026. New: the International Hyperacusis and Misophonia Conference (ICHM8) will take place as part of the EUHA Congress.**

ICHM8 continues the tradition of uniting global experts across ENT, audiology, mental health, neuroscience, and patient advocacy to explore the latest in research and clinical innovation. With keynote speakers and a rich interdisciplinary programme this conference is a opportunity to connect, learn, and shape the future of care for those living with sound intolerance.

For the first time, the International Hyperacusis and Misophonia Conference will take place as part of the EUHA Congress. The aim is to build a bridge between audiological, psychological and neuroscientific research on sound sensitivity. Further information is available at: <https://ichm8.org/>

### Call for abstracts

The submission of abstracts is asked for oral and poster presentations at the **8th International Conference on Hyperacusis and Misophonia (ICHM8)**. The leading international scientific meeting dedicated exclusively to hyperacusis and misophonia research, clinical practice, and innovation.

ICHM8 welcomes contributions from researchers, clinicians, practitioners, and students working across audiology, psychology, psychiatry, neuroscience, ENT, education, public health, and allied disciplines. Further information: [www.ichm8.org/call-for-abstracts/](http://www.ichm8.org/call-for-abstracts/)
