

# Live Noisy

with a hearing aid built to enhance every moment.

## Be fully immersed

Your world is alive with voices and energy—don't let hearing loss quiet it down.

Signia Multi-adaptive Xperience (MaX) Powered by Acoustic Intelligence™, automatically adapts to noisy group settings, so you stay engaged and confident no matter where life takes you.

Why settle for silence when you can Live Noisy?

## About Signia

Signia is one of the leading hearing aid brands in the world. Our goal is to enhance human performance through iconic innovations that shape prescription audio solutions. We refuse to accept hearing loss as a limitation. It's not about correcting a loss; it's about gaining an edge. Not just performing, performing brilliantly. Not just hearing again but hearing better than ever. Hearing every word, beat, and breath.

With Signia, you can Be Brilliant.

The information in this document contains general descriptions of the technical options available, which do not always have to be present in individual cases and are subject to change without prior notice..

Trademarks and trade names are those of their respective owners.

Be Brilliant™

Pure Charge&Go MaX

Introducing the new

# Pure Charge&Go MaX

## Designed for the way you live

Pure Charge&Go MaX combines the power of Acoustic Intelligence™ with on-the-go rechargeability, minimal visibility, and all-day connectivity—helping you stay engaged and part of every conversation.

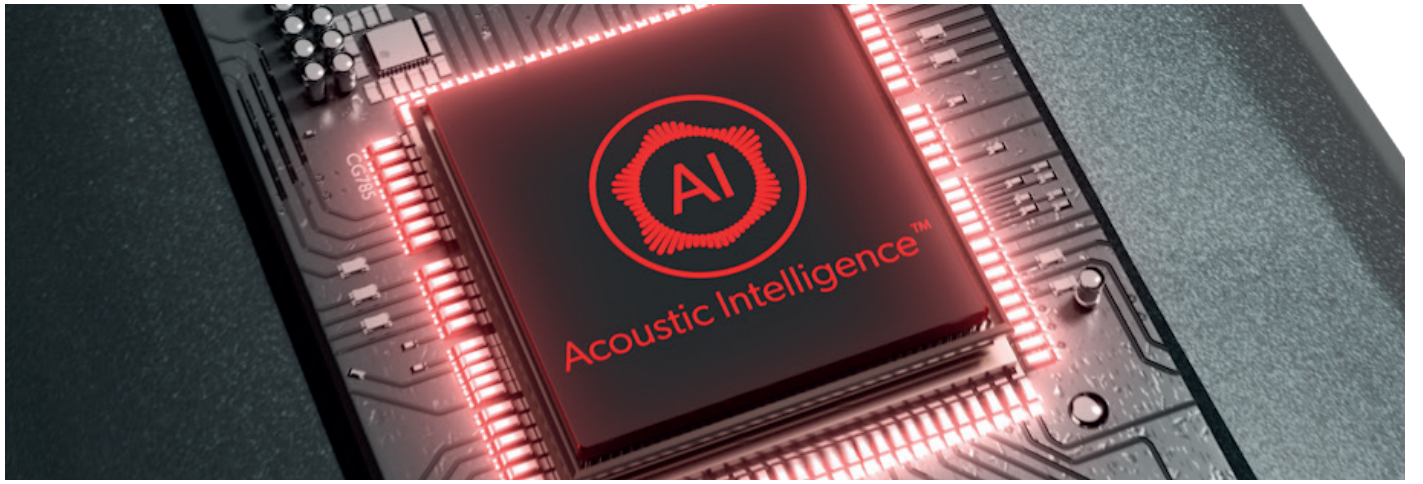

**Rechargeable**
All-day power, made simple.

**OneConnect™**
Stream calls, music, and more.

**Signia Assistant**
Instant help whenever you need it.

**Signia One app**
Personal control, right at your fingertips.

**Easy fit**
Discreet design with effortless comfort.

# Meet Acoustic Intelligence™

**Smarter hearing that helps you stay connected.**

Acoustic Intelligence™ is designed to help you hear what matters most—whether that's a conversation, your surroundings, or your own voice. It automatically adjusts in real time, so you can focus on what's important and not be distracted by background noise.

Powered by advanced AI technology trained on millions of real-world sounds, it instantly recognises and adapts to different environments—from a quiet room to a busy street—helping you stay confidently engaged wherever you are.

## What it means for you:

**Clear conversations, anywhere**
It identifies and enhances the people you're speaking with, even in noisy places.

**Your voice, just as you know it**
Keeps your own voice sounding natural, so speaking feels comfortable from day one.

**Seamless adjustment to your environment**
Automatically adapts as your surroundings change—no need to manually adjust settings.

**Less noise, more clarity**
Reduces unwanted background noise so you can focus on what you want to hear.
